THE BEST OF THE ROCKIES

Glacier Stone Supply is the country's premier natural stone company providing clients with "The Best of The Rockies." Located in the picturesque Northwest corner of Montana, right in the heart of the Northern Rockies and adjacent to Glacier National Park, we are surrounded by an incredible living showcase featuring the grandeur of the Rocky Mountains. The rich glacial history of the region gives the stone a depth of color and texture incomparable to other architectural stones around the world. We are proud to deliver the timeless beauty, ruggedness and enduring nature of the Rocky Mountains to your doorstep. Glacier Stone Supply is the source for all your building projects, providing our Natural Stone in our signature Natural Lite™ Thin Veneer, Full Stone Veneer, Architectural Stone and a myriad of Landscape products.

As the largest supplier of natural stone thin veneer in the Pacific Northwest, we are currently operating 19 quarries to provide you with the exact look your project requires. Our customers range from multi-million dollar commercial and residential developments to simple fireplace and outdoor kitchen projects. Our vast distribution network covers the entire United States and Canada, as well as Europe, and the number of locations continues to grow every month. This growth can be directly attributed to Glacier Stone Supply's sincere desire to provide the highest level of customer service and to deliver above and beyond our customers' expectations. Please contact your local distributor or call us today and let us provide you the perfect natural stone solution.

CORNERS

Length: 2" to 10"
Height: 2" to 7"
Thickness: .5" to 1.5"

LEDGESTONE

Length: 6" to 16"+
Height: 2" to 7"
Thickness: .5" to 1.5"

NATURAL LITE™ THIN VENEER

Natural stone provides a visual class and permanence that no other interior or exterior product can provide. It has unique qualities that only Mother Nature can produce.

Natural Lite™ Thin Veneer (NLTV) is a lightweight alternative to full stone and a higher quality alternative to manufactured stone. Our natural stone, both full stone and thin veneer, is available in the following shapes: Ledge, Random/Mosaic, and Squares and Rectangles.

CANYON CREEK™

The Canyon Creek family is one of our most popular stones featuring rich colors ranging from chocolate brown, tans, and blue/gray tones — true to the Northern Rockies.

Canyon Creek Ledge Veneer

*Ryan Bishop, Bishop Masonry
25% Canyon Creek Squares and Recs
and 75% Canyon Creek Ledge Veneer*

GLACIER MOUNTAIN™

This family of stone has a cream base with hues of gold, black and light grays running throughout. This stone features a unique dendrite fern pattern.

Glacier Mountain Ledge Veneer

BITTERROOT™

The Bitterroot family of stone features vibrant hues of burgundy, rust, gold and bronze set against a neutral background of grays and browns.

Bitterroot Ledge Veneer

ROCKY MOUNTAIN GOLD™

This is an exceptional building stone offering the beautiful warm color blend variety of browns, gold tones, bronze, tans and grays.

LOON LAKE™

Loon Lake is unique to Glacier Stone and comes in a wide array of colors including blues, greens, bronze, browns, tans and slate grays with subtle sedimentary striations.

Loon Lake Ledge Veneer

FALLS CREEK™

Falls Creek is another exclusive stone offering a lighter toned product ranging from light to gold with occasional buff hues accenting the soft, warm textures.

Falls Creek Ledge Veneer

BIGHORN CREEK™

Bighorn Creek has a wide range of rich multi-colored hues of rust, bronze and copper created from the stone's iron content. Its core is a blue gray.

and Squares and Recs
Full Stone and Thin Veneer*

TUMBLER CANYON CREEK™

FOX HOLLOW

Fox Hollow is a uniquely produced stone, fabricated entirely out of our reclaimed material. With conservation in mind, we created this natural stone product from the heart of the stone, to contribute points towards your LEED certified project. Glacier Stone always strives to minimize our impact on the environment from our quarries to your home.

THIN VENEER STONE SPECIFICATIONS

LEDGE

Roughly parallel tops and bottoms with natural or snapped edges.

Height: 2" to 7" x Length: 6" to 16"+

SQUARES & RECS

*Roughly parallel tops and bottoms. Our largest specification of ledge. Be Creative! Blending 20% Squares & Recs, known as "jumpers," with 80% Ledge creates a dramatic and beautiful effect. *Bighorn is not available in Square & Recs.*

Height: 7" to 11"+ x Length: 10" to 20"+

RANDOM

*Mosaic / Rubble Pattern. Natural or snapped edges. *Bighorn and Falls Creek are not available in Random pattern.*

Height: 3" to 8" x Length: 6" to 24"+

BIG FACE RANDOM

*Mosaic / Rubble Pattern. Natural or snapped edges. *Bighorn and Falls Creek are not available in Big Face Random pattern.*

Height: 8" to 16" + x Length: 10" to 24"+

- All of our stones are available in full bed depth. We have a wide variety of matching landscape stones.
 - Each of our stones are available in tumbled, please contact your representative or Glacier Stone for availability.
 - Another wonderful quality of Glacier Stone is the ability to combine our stones with one another to create your own unique signature blend!
- The possibilities are endless with Glacier Stone and we look forward to working with you.

BITTERROOT

LOON LAKE

Our stone is a beautiful product of nature. Since no two stones are ever alike, colors will vary slightly. Photo swatches contained in this brochure may or may not accurately represent the actual stone due to reproduction and printing processes.

Most of our quarries produce landscape products. You can choose from natural Canyon Creek and Bitterroot steps, as well as Bighorn flagstone. Landscape boulders and outcroppings add focal points to your design and dry stack boulder walls are the perfect way to tie everything together with a look of permanence.
